INTRODUCTION

The **Document Viewer System** is an application system developed by the Systems Development and Programming Division (SDPD) to provide for a facility to add, update and browse internal and external documents of NAMRIA. It is envisioned to provide a facility for the other department of NAMRIA i.e., RSRDAD and CGSD, to be able to connect to the system and its database through the use of internet. Typically a user is asked to login their user information into the system and the application system shall display menus to input the information about a given document which shall be saved in a central web-based server.

The **Document Viewer System** is developed using ASP.Net and MS SQL Server as its backend.

LAUNCHING THE APPLICATION

- 1. Open any Internet browser (e.g., ochrome or Mozilla Firefox)).
- 2. On the Address Bar, you can access the **Document Viewer** by typing http://www.namria.gov.ph/docviewer (see Figure 1) and press ENTER.

USING THE APPLICATION

4. On the **Document Viewer** login page (see Figure 2), you are required to input the username and password provided by the System Administrator. Click Log In button to continue.

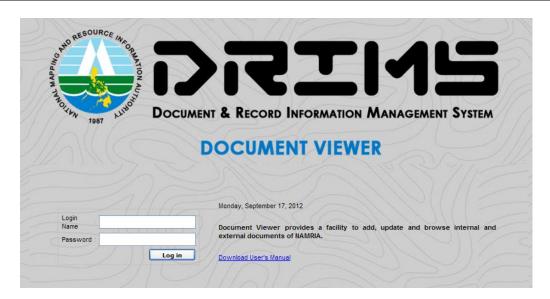

Figure 2

For ODC User

5. For the **ODC** user, if Login is successful, it will display the **Notification page** (see Figure 3). It contains the **Pending** and **For Approval Document(s)**. Click button to proceed to the Main page (**For Approval Document(s)** (see figure 5)) or select the button to display whether it is a **For Approval Document(s)** (see Figure 4) **or Pending**. (see Figure 5)

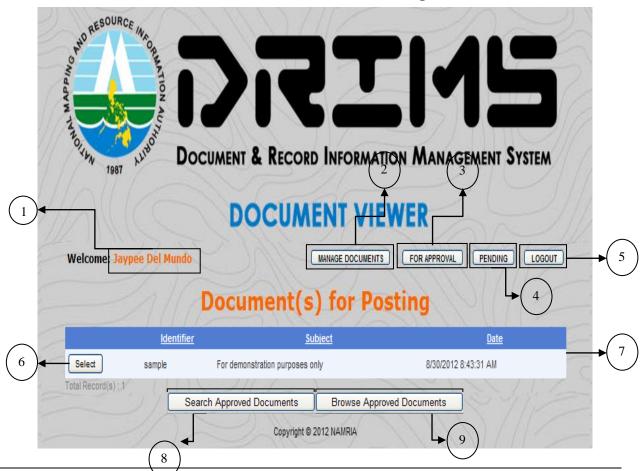

Figure 3

6. After button was clicked, the **For Approval Document(s) page** will be displayed. (see Figure 4)

Figure 4

Parts of the ODC user's Main Page

- 1. Contains user's First name and Last name
- 2. If clicked, Document Maintenance page will be displayed (see Figure 6)
- 3. If clicked, Documents for approval page will be displayed (see Figure 4)
- 4. If clicked, Pending Documents page will be displayed (see Figure 4)
- 5. If clicked, the user will be logged out from the system
- 6. If clicked, Document Details page will be displayed (see Figure 8)
- 7. Grid View that contains Pending or For Approval Document(s)
- 8. If clicked, Search page will be displayed (see Figure 9)
- 9. If clicked, Posted Documents page will be displayed (see Figure 7)
- 7. When PENDING button was clicked, the Pending Document(s) page will be displayed. (see Figure 5)

Figure 5

8. When MANAGE DOCUMENTS button was clicked, the Documents Maintenance page will be displayed. (see Figure 6)

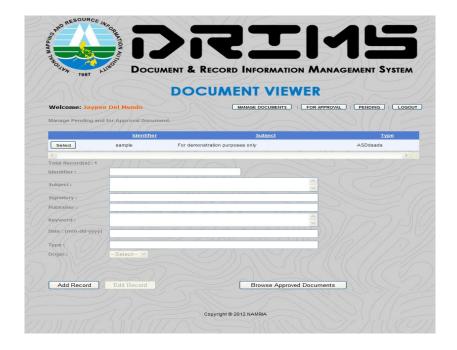

Figure 6

9. When Browse Approved Documents button was clicked, the **Posted Documents page** will be displayed. (see Figure 7)

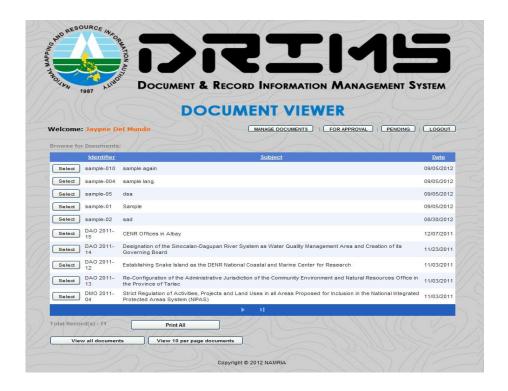

Figure 7

10. When Select button was clicked, it will redirect the user to **Document Details page**. (See Figure 8)

Figure 8

11. When icon was clicked, the **View Document page** will appear. Only the ODC user can delete a document and the user should enter his/her password in order to delete the particular document. (See Figure 9)

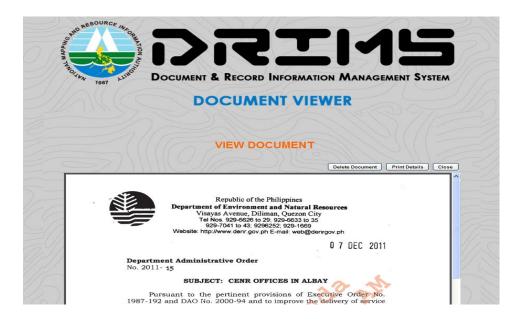

Figure 9

12. When Search Approved Documents button was clicked, the Search page will be displayed. (See Figure 10)

Figure 10

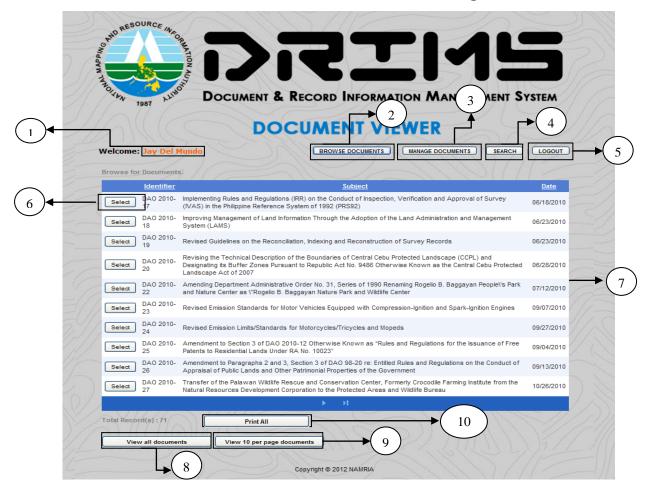

For Unit Clerk User

13. For the **Unit Clerk** user, if Login is successful, it will display the **Posted Documents page**. (see Figure 11)

Figure 11

Parts of the Unit Clerk user's Main Page

- 1. Contains user's First name and Last name
- 2. If clicked, Posted Documents page will be displayed (see Figure 10)
- 3. If clicked, Document Maintenance page will be displayed (see Figure 11)
- 4. If clicked, Search page will be displayed (see Figure 12)
- 5. If clicked, the user will be logged out from the system
- 6. If clicked, Document Details Page will be displayed (see Figure 13)
- 7. Grid View that contains Posted Document(s)
- 8. If clicked, Grid View will display all the Posted Documents
- 9. If clicked, Grid View will display 10 items per page
- 10. If clicked, it will produced a PDF file of all the documents in the system

14. When MANAGE DOCUMENTS button was clicked, the **Document Maintenance page** will be displayed (see Figure 12).

Figure 12

15. When SEARCH button was clicked, the Search page will be displayed (see Figure 13).

Figure 13

16. When Select button was clicked, it will redirect the user to **Document Details page**. (See Figure 14)

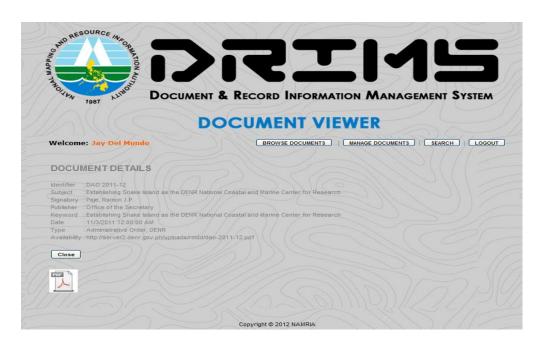

Figure 14

17. When icon was clicked, it will redirect you to **View Document page**. (see Figure 15)

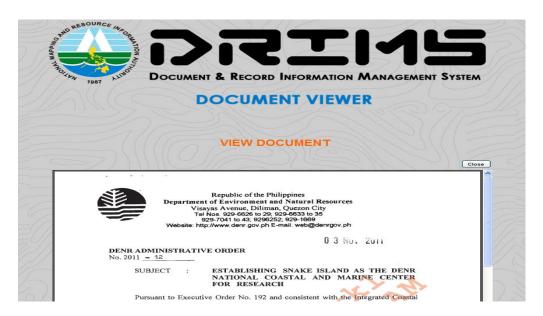

Figure 15

ADDING DOCUMENT INFORMATION

All documents need to be encoded into the **Document Viewer** so that all its transactions can be monitored. New documents are classified into Internal and External. To input the basic information of a document, follow this procedure:

- 1. To add a new document record, click MANAGE DOCUMENTS button at the top of the page.
- 2. Click Add Record button and start filling the textboxes.
- 3. **Identifier**. This will be the code of the document (i.e. DAO 2011-15) and will be used as the file name of the PDF File to be attached. (See Figure 16)

Figure 16

4. Subject. This will be the subject of the document to be created. (See Figure 17)

Figure 17

5. **Signatory.** This is the person/s who signs in the document. (See Figure 18)

Figure 18

6. **Publisher.** This is the one who publish the document to be created. (See Figure 19)

Figure 19

7. **Keyword.** These can be group of words or the subject itself and use in the search page to look for the document that the user wants to see. (See Figure 20)

Figure 20

8. Date. The date the document was created in the system. (See Figure 21)

Figure 21

9. **Type.** This is the type of document to be created. (i.e. Administrative Order) (See Figure 22)

Figure 22

10. **Origin.** This is the reference whether the file is internally or externally generated. (See Figure 23)

Figure 23

11. Availability. This refers to the link of the file if its origin is "External". (See Figure 24)

Figure 24

12. PDF File. This refers to the file to be uploaded if its origin is "Internal". (See Figure 25)

Figure 25

Uploading Digital Files

- 1. Click **Browse** and look for the file to be attached. This only accepts PDF Format files.
- 2. Click **Upload** after browsing the files.
- 13. When done in filling the textboxes or uploading the file, click Save Record button to save the documents and details.
- *Note: When a user is an Overall Document Controller (ODC), the saved record will automatically be posted. If a user is a Unit Clerk, the saved record will go to the "For Approval" page of the ODC. Only the ODC user can approve the record so that it will be posted in the system.

POSTING OF DOCUMENT'S RECORD

Only the ODC user can approve the record so that it will be posted in the system.

- 1. To approve and post the document's record, click FOR APPROVAL or PENDING button.
- 2. Select the entry to be approved and posted. Click select button. This will now redirect the user to the **Document Details** page.
- 3. Click Approve and Post button. The record will now be posted and can be viewed in the Posted Documents page. (See Figure 7)

VIEWING OF DIGITAL FILE AND PRINTING

To view and print a digital file, follow the steps below:

- 1. Click BROWSE DOCUMENTS or Browse Approved Documents button.
- 2. In the Grid View, select the records to be viewed or printed and click button. This will now redirect the user to the **Document Details** page. (See Figure 26)

Figure 26

- 3. To view and print the attachment, click the icon. The PDF file will now be displayed in the box below and you can now print it by clicking the icon.
- 4. To print the document's details, click the Print Details button.

 *Note: Only the ODC user can print the details of the documents.

SEARCHING POSTED DOCUMENTS USING THE KEYWORD

- 1. To search, click SEARCH or Search Approved Documents button.
- 2. In the textbox, type the keyword of the document and click SEARCH button.

LOGGING OUT

To Log out in the system, click LOGOUT button.

*Note: The system administrator's page contains monitoring of user logs, user activity logs and the creation of the system user. The system administrator gives the Overall Document Controller (ODC) the permission to delete a document and required his/her password to continue the deletion process of document.
